Dear Mr. Chambers:

Reference is made to the interment of your son, the late Corporal Baldwin B. Chambers, and his comrades, which was made in Grave No. 322, Section 79 Jefferson Barracks National Cemetery, St. Louis, Missouri. It is regretted that because of the fact it was impossible individually to identify the remains of your son, you were deprived of the comfort and consolation which you might have been afforded by interring his remains at home.

It is felt that you might like to have the enclosed photograph of the stone which has been placed at the grave.

You are assured that the grave will always be cared for in a manner fully commensurate with the sacrifice your son has made for his country. Any desired information concerning the grave or the cemetery will be furnished upon request.

Sincerely yours,

Group Burial
United States Military Cemetery
Follonica, Italy

Mr. John Chambers
Appleton City, Missouri

Dear Mr. Chambers:

The Department of the Army desires that you be given the most recent information concerning your son, the late Corporal Baldwin B. Chambers, ASN 37 005 968.

His remains were initially buried with others of his comrades who met their death in the same incident. Since that time the American Graves Registration Service has, without success, explored every clue that might lead to individual identification of any of the remains, and has at last been forced to conclude that only a group identification of the remains is possible. They are now casketed and, pending return to the United States, are being held at the United States Military Cemetery Follonica, Italy.

All remains in this group will be brought back simultaneously for interment in Jefferson Barracks National Cemetery, located at Saint Louis 23, Missouri.

This plan for the burial of all the known groups of men for whom individual identity cannot be established in one of our country's shrines is based upon the provisions of Public Law 363, 79th Congress, as amended by Section 3, Public Law 368, 80th Congress. Final interment in a National Cemetery in the United States where perpetual care will be given the graves, is fitting and proper. This particular National Cemetery was selected in order that no undue burden of travel might be placed on any one family wishing to attend the services.

You and the next of kin of the other men will be informed of the date and time of the final interment sufficiently in advance to permit you and any interested persons to attend the ceremonies. In order that you may receive information concerning these final rites, it is essential, in case you change your address, that you promptly inform the Commanding Officer, Chicago Quartermaster Depot, Attention AGRD, 1819 West Pershing Road, Chicago 9, Illinois.

Sincerely yours,

E. V. FREEMAN
Colonel, QMC

Dear Mr. Chambers:

Your letter pertaining to the remains of your brother, the late Corporal Baldwin B. Chambers, has come to my attention.

Please be advised that the American Graves Registration Service exhausts every possible clue which might lead to the individual identification of United States deceased personnel. An investigation is currently being conducted to establish the individual identification of your brother and other members of his crew. Consequently, the designation of a National Cemetery for final interment of this group will be suspended until a report of this inquiry is received. At that time each next of kin will be advised of the action to be taken.

Please be assured of my continued sympathy in your great loss.

Sincerely yours,

JAMES F. SMITH

Dear Sir:

In Sept. of 1945, you informed me that the remains of my brother Corporal Baldwin B. Chambers and his crew, probably would be returned to the United States for final interment in a National Cemetery.

I informed my parents at that time of your decision, as they didn’t know where he was buried and what procedure to follow in bringing his body home. I thought they would follow through with plans of having his body sent home.

Today I received a letter from my father and he wanted to know what arrangements I had made about his burial in this country.

Would you please advise me what the Graves Registration Service are planning to do about Baldwin and his crew and what National Cemetery he will be buried in.

Very truly yours,

T. E. Chambers

Dear Mr. Chambers:

The Department of the Army desires that you be furnished information concerning the resting place of your son, the late Corporal Baldwin B. Chambers, A.S.N. 37 005 963.

With deep regret I must inform you that, although the records of this office disclose that the remains of your son were reverently interred, it was not possible, because of the manner in which he met his death, to identify his remains individually.

The remains of your loved one and other fallen comrades are currently resting as a group in United States Military Cemetery Follonica, located approximately fifty miles southeast of Leghorn, Italy.

The American Graves Registration Service exhausted every possible clue which might lead to the individual identification of United States deceased personnel; however, if further research fails to establish their individual identity, the remains of this group will be returned to the United States for final interment in a national cemetery designated by The Quartermaster General. All legal next of kin will be advised at a later date of the national cemetery in which final interment will be made and will also be notified of the time of burial.

May I extend my sincere sympathy in your great loss.

Dear Mr. Chambers:

Reference is made to your letter requesting information concerning the burial location of your brother, the late Corporal Baldwin B. Chambers.

It is with deep regret that we inform you that due to the nature of the action in which your brother was killed, individual identification of his remains has been, to date, impossible. His remains, together with those of his crew, have been properly interred in a manner befitting our honored dead in the U. S. Military Cemetery, Follonica, Italy.

You may rest assured that the Graves Registration Service is, and has been, exhausting every available clue which might lead to the precise identification of all deceased military personnel. If individual identity cannot be established, return of the remains to the United States for final interment in a National Cemetery is contemplated.

This office wishes to extend its deepest sympathy in the loss of your brother.
