PART I - CASUALTY DATA

The Air Corps personnel listed below were recorded as crew members of aircraft B-24J, serial number 44-40665, 819th Bombardment Squadron, 30th Bombardment Group, reported to have taken off from Saipan Island, Marianas Islands for combat strike over Iwo Jima Island, Volcano Islands on 14 August 1944. At a position approximately 20 miles southwest of Minami Rock, Iwo Jima, an airplane was observed burning and diving fast in a large spiral turn. Four parachutes were observed. The airplane hit the water and exploded on contact.

2. Available OCMG Forms 371 on subject listed crew members are attached to substantiate the circumstances of death.

C O P Y

PART III - DISCUSSION

1. Subject aircraft reported to have taken off from Saipan Island for combat strike on Iwo Jima Island. MACR gives 1148 ELT hours, 14 August 1944 and attached statement say at 0149 GCTm hours, 14 August 1944 at a position approximately 20 miles southwest of Minami Rock, an airplane was observed to be hit in the left wing and number two engine by fire from enemy aircraft. The whole left side of the airplane caught fire immediately. The pilot of the burning airplane called 1st Lt. Robert B. Kelly, the Flight Leader, on the radio and said that he was hit and going down. Four parachutes were observed. The airplane hit the water and exploded on contact. No available reports of rescue. It can be presumed that the four men who were observed to have bailed out were drowned and the other crew members were killed in the crash and lost at sea on 14 August 1944, approximately 20 miles northwest of Minami Rock, Iwo Jima Island, Volcano Island. The circumstances of loss of the aircraft and crew members were such as to preclude any possibility of recovery at the time of the plane crash.

2. The Search & Recovery Teams operating on the islands and inlying island areas of this command have not recovered any remains that could be identified as subject crew members.

3. All available records have been checked to further the identity of unknown remains buried in cemeteries in this Command with those of subject crew members. None of the records compare favorably enough to warrant identity either by dental chart or circumstances of death.

4. Records of burials indicate that the remains of subject crew members are not among those listed as Knowns in United States Military Cemeteries of this Command.

PART IV - FINDINGS

After review of the facts and information contained in Part II and III, above, it is found that aircraft B-24J, serial number 44-40665, crashed into the sea as a result of enemy aircraft and subject crew members were drowned or killed in the crash and lost at sea.

PART V - RECOMMENDATION

Based upon the findings shown in Part IV, above, and the information contained in Parts I, II and III of this review, it is recommended that the remains of the Air Corps personnel listed below be considered "Non-recoverable, Lost at Sea" and that all records relative to search and recovery of the remains be closed.

Sgt	LaSalvia, Pasquale M.	32872443
Sgt	Laub, Nicholas J.	37407128
Sgt	Mauldin, Walter W.	34539576

2. Under the provisions of Section 5, Public Law 490, 7 March 1942, as amended, a Finding of Death was issued in each case (SR&D No. 3852-A), showing the presumed date of death as 25 February 1946.

3. Missing Air Crew Report No. 7832, dated 15 August 1944 identifies the above-named persons as the crew of B-24 type aircraft No. 44-40665 which departed 14 August 1944 from Saipan Island on an operational mission to Iwo Jima Island. Natural conditions are described as "ceiling and visibility unlimited." The aircraft was seen to crash about twenty miles southwest of Minami Rock at about 1148 hours and was lost as a result of enemy aircraft. The report states that parachutes were seen to come from the aircraft.

4. Attached to the Crew Report is a joint statement signed by First Lieutenants Robert B. Kelly, 0665042, and LeRoy J. Conn, 0670014, and Second Lieutenant Robert M. Anderson, 0681974, who are described as the persons who are believed to have last knowledge of the missing aircraft. The statement reads:

"At 0149, 14 August 1944, GCT, at a position approximately 20 miles SW of Minami Rock, an airplane was observed to be hit in the left wing and No. 2 engine by fire from enemy aircraft. AG 704 DEAD

5. A report from the 819th Bombardment Squadron (H), dated 15 August 1944, subject: Relief from Accountability for Registered Document (file: AG 311.5 (15 Aug 44), to The Adjutant General, states in part:

"1. One B-24J of this organization, number 44-40665, piloted by John W. Rank, 1st Lt., A. C., O-469940, during mission H-312, over Iwo Jima island in the Bonin Group, was seen to burst into flame and crash at sea while under attack by enemy fighters at approximately 0150Z, 14 August 1944.

"2. * * * * Other crews report seeing from two to six men bailing out; the plane exploded on contact and sank immediately twenty miles south of Monemi Rock on Iwo Jima."

6. Iwo Jima Island was under enemy control until early February of 1945, when American armed forces landed on the island.

7. Minami Rock is a small island about 28 miles to the south of Iwo Jima Island.

8. The subject officers and enlisted men constituted the crew of B-24 type aircraft No. 44-40665 which on 14 August 1944 participated in a mission to Iwo Jima Island, Bonin Islands. While under attack by enemy fighters, subject airplane was seen to be hit. It burst into flames and crashed at sea about twenty miles south of Minami Rock, which is a small island approximately 28 miles south of Iwo Jima Island. From two to six parachutes were reported to come from the aircraft.

9. In view of the elapsed period of time without any further information pertaining to subject persons, it appears that in all probability they are dead, either killed or drowned when their plane crashed in the water, due to enemy action, or having survived the crash, were captured and died of some unknown causes at a later date. A number of cases are available wherein missing personnel are known to have been captured by the enemy in that area and who were never reported as prisoners of war or heard from again. However, there are no known eyewitnesses to their actual fates, and since the known circumstances immediately preceding their disappearance are not conclusive of death, any final decision as to their status is contingent upon the finding of their remains or evidence made a matter of record by the enemy. However, as indicated above, a search of official burial records elicits the information that the Non-Recoverable Unit of the Quartermaster General's Office, has recommended that the remains of the above crew be declared non-recoverable. Nor has any evidence been received either before or after cessation of hostilities to indicate that subject persons were ever in the hands of the enemy.

AG 704 DEAD

10. In view of the foregoing, it is concluded that the information now of record in the Department of the Army does not warrant the issuance of official reports of death, under the provisions of Section 9, of the Missing Persons Act.

MEMORANDUM FOR: Chief, Casualty Branch

SUBJECT: Review and Determination of Status
Under the Missing Persons Act.

I. - FACTS

1. The following-named officers and enlisted men of the 819th Bombardment Squadron (H), 30th Bombardment Group, have been carried on War Department records as missing in action since 14 August 1944, in flying pay status, over Saipan, as reported by PAC Shipment No. 059:

<u>NAME</u>	<u>ASN</u>	<u>GRADE</u>
Rank, John W.	0469940	First Lieutenant

LaSalvia, Pasquale M.	32,872,443	Sergeant
Laub, Nicholas J.	37,407,128	Sergeant
Mauldin, Walter W.	34,539,576	Sergeant

2. Confidential Missing Air Crew Report No. 7832, dated 15 August 1944 identifies the above-named persons as the crew of B-24 type aircraft No. 44-40665 which departed 14 August 1944 from Saipan Island on an operational mission to Iwo Jima Island. Natural Conditions are described as "Ceiling and visibility unlimited. The aircraft was seen to crash about twenty miles southwest of Minami Rock at about 1148 hours and was lost as a result of enemy aircraft. The report states that parachutes were seen to come from the aircraft.

3. Attached to the crew Report is a joint statement signed by First Lieutenants Robert B. Kelly, 0665042, and LeRoy J. Conn, 0670014, and Second Lieutenant Robert M. Anderson 0681974, who are described as the persons who are believed to have last knowledge of the missing aircraft. The statement reads:

"At 0149, 14 August 1944, GCT, at a position approximately

*File
Line-Id

S. R. & D. No. 3852

20 miles SW of Minami Rock, an airplane was observed to be hit in the left wing and No. 2 engine by fire from enemy aircraft. The whole left side of the airplane caught fire immediately. The pilot of the burning airplane called 1st Lt Robert B. Kelly, the Flight Leader, on the radio and said that he was hit, and going down. The airplane was diving fast in a large spiral turn. Four parachutes were observed. The airplane hit the water and exploded on contact."

4. A report from the 819th Bombardment Squadron (H), dated 15 August 1944, subject: Relief from Accountability for Registered Document (file: AG 311.5 (15 Aug 44), to The Adjutant General, states in part:

"1. One B-24J of this organization, number 44-40665, piloted by John W. Rank, 1st Lt., A.G., O-469940, during mission H-312, over Iwo Jima island in the Bonin Group, was seen to burst into flame and crash at sea while under attack by enemy fighters at approximately 0150Z, 14 August 1944.

"2. * * * Other crews report seeing from two to six men bailing out; the plane exploded on contact and sank immediately twenty miles south of Minami Rock on Iwo Jima."

5. Iwo Jima Island was under enemy control until early February of this year when American armed forces landed on the island.

6. Minami Rock is a small island about 28 miles to the south of Iwo Jima Island.

7. An examination of the files of these persons in Casualty Branch, Officers' Branch and Enlisted Branch, AGO, and of the index in Prisoner of War information Bureau, PMGO, does not reveal any further information relevant to this review.

II. - CONCLUSIONS

1. The subject officers and enlisted men constituted the crew of B-24 type aircraft No. 44-40665 which on 14 August 1944 participated in a mission to Iwo Jima Island, Bonin Islands. While under attack by enemy fighters, subject airplane was seen to be hit. It burst into flames and crashed at sea about twenty miles south of Minami Rock, which is a small island approximately 28 miles south of Iwo Jima Island. From two to six parachutes were reported to come from the aircraft.

S. R. & D. No. 3852

2. A possibility exists that the persons who were seen to parachute, plus others who may have subsequently left the aircraft, may have survived and were rescued by the Japanese who controlled that area until the early part of this year.

3. The fact that they have not been reported by the Japanese Government does not preclude the possibility that they may be prisoners of war, inasmuch as the Government has, in many instances, failed to report prisoners of war within one year of the date of their capture.

4. In view of the foregoing facts and circumstances, it is concluded that the persons whose status is herein considered may reasonably be presumed to be living.

III. - RECOMMENDATION

It is recommended that the persons named in Part I, paragraph 1, of this review, be continued in a missing in action status, as of 15 August 1945, under the provisions of section 5 of the Missing Persons Act.

Mrs. Lawrence Fiorentino,

Allston 34, Massachusetts.

Dear Mrs. Fiorentino:

This will acknowledge your letter dated 1 November 1944
in connection with the personal effects of your son, Sergeant Giosue
J. Fiorentino.

The personal effects of our military personnel outside the
continental limits of the United States are cared for by the military
authorities until such time as it is practicable to ship them to the
United States. However, due to distances and lack of suitable trans-
portation, it sometimes takes a matter of months before effects arrive
in this country. Upon arrival, they are sent to the Effects Quartermaster,
Army Effects Bureau, Kansas City Quartermaster Depot, 601 Hardesty Avenue,
Kansas City 1, Missouri, for shipment to the next of kin. A copy of your
letter has therefore been forwarded to that office for necessary action
and direct reply to you.

I extend to you my sincere sympathy in this time of anxiety.

For The Quartermaster General:

Sincerely yours,

MAYO A. DARLING,
Lt. Colonel, Q.M.C.
Assistant.

- 2 Pairs shoes (non S. 2.)
- 6 towels, 6 Face cloths
- 3 Rolls camera film
- 1 overseas hat (non S. 2.)

This list does not include articles which he had acquired since he itemized the above list for me.

page 3.

My local Red Cross Chapter advises me to file a claim with you, therefore I would like you to send me claim papers and forms that I may fill them out.

I would like you to know also that I received according to my list, one sock which was in soiled condition; and also that the leather zipper bag was ruined because its zipper was torn out and broken but the lock on it was still locked.

In view of all the missing men's returning effects, isn't there provision made for cutting tools, saws etc, by your officers in charge of securing personal effects? Also should not all clothing be processed and laundered before being returned?

Please understand that I am

writing this letter also, to try
and spare other families further
grief and loss of their loved ones
personal effects.

May I hear from you soon and
will you please instruct me
accordingly?

Yours truly,

Mrs Lawrence Fiorentino

Dear Mrs. Fiorentino:

I wish to acknowledge your letter of May 5, concerning the personal effects of your son, Sergeant Giosue J. Fiorentino.

I am sorry to learn that a portion of the property reached you in a soiled condition. This was a regrettable oversight. Our inspectors and packers are instructed that any articles of clothing which, upon inventory here, appear to need laundry or dry cleaning, are to be sent to the laundry, to make them as presentable as possible before sending them on to the family. No information is available here regarding damage to the zipper bag. It was received here in that condition, likely having been opened forcibly to enable inventory of contents overseas.

It is regretted that the items about which you inquire were not received here. All of his property received at this Bureau has been sent you. So that you may better understand the difficulties encountered in the recovery of personal effects, I am inclosing an information circular on the subject. I also have sent a letter of inquiry to his overseas unit, to locate these articles or explain their absence. Upon receipt of reply, I shall write you further.

I suggest you defer contacting The Judge Advocate General, Claims Division, Washington 25, D. C., in regard to preparation and submission of claim for any shortage, until you learn the result of our overseas tracer.

In the event any additional property of your son is received here at a later date, it will be forwarded you promptly.

I regret the misfortune to your son occasioning our correspondence.

Sincerely,

W. F. HEHMAN

Dear Mrs. Fiorentino:

This acknowledges your letter of November 20 regarding personal effects of your son, Sergeant Giosue J. Fiorentino.

The funds about which you inquired were received at the Army Effects Bureau in the form of a United States Treasury check and apparently represent currency found among your son's effects.

All War Department agencies are under instructions to forward personal effects of military personnel to the Army Effects Bureau for disposition; money, as a rule, is forwarded by mail in advance of other property. Upon receipt of the balance of Sergeant Fiorentino's belongings, you may be assured that you will be notified promptly.

Re: File no. 118296 Mc

Dear Mr. F. B. Fress,

I have today received the check for \$20.00 which you sent me. The money represented as you wrote: "is the only property of Sergeant Fiorentino received at the Army Effects Bureau."

Would you please answer the following questions that have been bothering me considerably?

Do you know if the \$20.00 you sent was received by you in cash or otherwise? Was it in a container or wallet or otherwise?

I know that he had a large

sum of money with him, because he wrote the exact amount of money he had just before he was reported missing in action.

If it is possible I would like to find out where the \$20.00 was found. Whether in wallet, clothes, personal baggage etc.

My last question: Why is it that the rest of his personal effects were not sent along at the same time as this sum of money? Presumably all his personal effects were intact and in one place.

Thank you very much Mr. Fress for the check and I do hope I am not im-

Dear Mrs. Fiorentino:

This acknowledges your letter of November 1 regarding personal effects of your son, Sergeant Giosue J. Fiorentino, which has been referred to this office from Washington for reply.

I am inclosing a check for \$20.00, which is the only property of Sergeant Fiorentino received at the Army Effects Bureau to date.

My action in forwarding this property does not, of itself, vest legal title in you. The money is transmitted only in order that you may safely keep it on behalf of the owner, pending his return. In the event he is later reported a casualty, these funds should be distributed according to the laws of the state of his legal residence. I sincerely hope that such distribution will not be required.

Please acknowledge receipt of the check in the space provided below. For your convenience, there is inclosed an addressed envelope which needs no postage.

It is probable that additional property of your son will reach this Bureau at a later date. As it is our intention to forward the property to you immediately upon arrival here, it will be appreciated if you will please notify us, without fail, in the event there is any change in your address within the next six months.

November 1, 1944.

On August 14, 1944 my son Sgt. Giosue J. Fiorentino, 31353943, was sent on a bombing mission over the Bonin Islands. He did not return to his home base. One month later we received a telegram listing him as missing in action.

Thomas E. Peddy, Major, Air Corps, Commanding of 819 Bomb Sqdn., APO 244 c/o P.M., San Francisco, wrote me a letter telling me that his clothes and personal effects would be forwarded by the Investigating Officer to Kansas City, Mo. (Effects Depot) who would immediately sent them to me.

He said that if there was an unreasonable delay that I should write to you.

Since it happened August 14, 1944 I feel I should now notify you that I haven't as yet received his effects.

Please check up on this matter for me.

Yours truly,

Mrs. Lawrence Fiorentino

Mrs. Lawrence Fiorentino,

Allston 34, Massachusetts.

Dear Mrs. Fiorentino:

This will acknowledge your letter dated 1 November 1944
in connection with the personal effects of your son, Sergeant Giosue
J. Fiorentino.

The personal effects of our military personnel outside the
continental limits of the United States are cared for by the military
authorities until such time as it is practicable to ship them to the
United States. However, due to distances and lack of suitable trans-
portation, it sometimes takes a matter of months before effects arrive
in this country. Upon arrival, they are sent to the Effects Quartermaster,
Army Effects Bureau, Kansas City Quartermaster Depot, 601 Hardesty Avenue,
Kansas City 1, Missouri, for shipment to the next of kin. A copy of your
letter has therefore been forwarded to that office for necessary action
and direct reply to you.

I extend to you my sincere sympathy in this time of anxiety.

For The Quartermaster General:

Sincerely yours,

MAYO A. DARLING,
Lt. Colonel, Q.M.C.
Assistant.
